## Meet PETNER

At Petner, we believe that there is a true partnership between animals and humans. It's a relationship based on trust and love. We take care of our pets and they take care of us. Our pet is not a "couch cuddly", it is our Partner for better and for worse.

From a partnership approach, our name and products were created, which we have created to repay our pets for being with us at all times.

### Knowledge and experience

We are a Polish company that creates comprehensive meals for dogs and cats. Our team includes veterinarians and animal lovers who transform their knowledge and passion into our products. Our team makes sure that good-quality meals provide your pet with plenty of strength and energy to work together fun and work. By choosing Petner food, you can be sure that you give your pet what he needs!

### Taste and health

Petner food is a complete set of all necessary nutrients, prebiotics, vitamins and minerals that comprehensively cover the nutritional needs of dogs and cats. The foods do not contain artificial flavors, flavor enhancers, preservatives or colourants. They are also GMO free and contain no allergenic wheat and soybeans. Because a natural choice is the best choice!

### Quality and trust

Our products have already been appreciated by both consumers and industry experts, awarded us the unique Top for Dog - Debut of the Year 2020, TOP Innovation, Zoobransport Quality Certificate, Good Brand and Good Polish Brand. Such recognition is a source of pride for us and motivation to continue working.

# Wet food for dogs!

## Why choose PETNER?

Pouches are a handy and practical packaging. They guarantee the aromatic taste of each serving. In addition, unlike cans, Pouches are easy to dispose of.

Each pouch contains a high content of valuable animal protein: as much as 95.5% of the meal is meat and offal in own aromatic broth. Guarantee of high palatability!

Beef is a source of high quality protein, iron, magnesium, potassium and B vitamins.

Lamb contains L-carnitine that increases the efficiency of the body and helps maintain a healthy body weight. Lamb is extremely delicate meat, especially recommended for dogs with food allergies.

Venison contains relatively little fat, very little cholesterol, is a valuable source of iron and is rich in proteins and minerals.

Poultry meat is characterized by high nutritional value and relatively low calorific value. It contains vitamins and microelements, including zinc, have a positive effect on the dog's skin and coat.

Goat meat is lean meat characterized by high nutritional values, good digestibility and high digestibility. It is especially suitable for animals suffering from food intolerances and allergies!

Fish is a source of omega-3 and omega-6 fatty acids, which have a positive effect on the skin, coat, as well as the nervous system and eyesight

Rabbit is an exceptionally delicate and easily digestible meat, perfect for the sensitive digestive tract of young dogs.

The richness of functional additives supports the good condition and health of the dog, and vegetables and fruits are a natural source of valuable vitamins and fibre.

Pumpkin is a source of beta-carotene, vitamins A and C and natural antioxidants. In addition, it is a low-calorie vegetable and thanks to the high content of dietary fibre supports digestive processes.

Cranberry contains vitamins (A, C, E), minerals (potassium, sodium, selenium) and antioxidants that support the immune system. In addition, cranberry has a beneficial effect on the urinary tract.

Blueberries are rich in selenium, zinc, iron and antioxidants that prevent cancer, cell damage and brain aging. They are a great supplement to the diet of dogs undertaking increased physical activity, working as well as dog seniors.

Zucchini is rich in vitamins C, A, K, B vitamins and beta-carotene. In addition, it is an excellent source of dietary fibre. Gently regulates digestive processes, preventing constipation.

Raspberries are a valuable source of vitamins C, A, E and K, minerals, and antioxidants that fight free radicals to protect against heart disease and cancer.

Blackberries are rich in antioxidants and help maintain the health of the skin and urinary system.

Sweet potatoes are rich in vitamins B6, C, A and potassium. They are also a source of fibre and carbohydrates.

Petner wet food pouches are a 100% natural meal. They are distinguished by a simple composition and carefully selected ingredients. The whole line of pouches does not contain cereals, GMOs, artificial colours and preservatives.

Yeast and chicory have a positive effect on the intestinal flora and facilitate digestion.

Green-Lipped Mussel (a natural source of glucosamine and chondroitin) supports the osteoarticular system.

The addition of salmon oil, which is a source of omega 3 - supports healthy skin and shiny coat.

Available in 7 unique flavours: beef with pumpkin, lamb with cranberry, goat with raspberries, fish with blackberries, beef with rabbit and sweet potatoes, polutry with zucchini, game with blueberries.

**Analytical Constituents:** Protein 10,50%, Fat 6,50%, Crude ash 2,60%, Crude fibre 0,40%, Moisture 76,00%.

**Metabolic energy:** 1125,3 kcal/kg.

## POULTRY WITH ZUCCHINI

Complete wet food with poultry and zucchini for adult dogs.

Variants available: **150 g, 500 g**

**Composition:** 67% composed of Poultry Hearts, Poultry Meat, Poultry Liver, Poultry Stomach, Poultry Necks, 28,5% Broth, 3% Zucchini, 1% Minerals, 0,2% Salmon Oil, 0,1% Chicory, 0,1% Green-Lipped Mussel, 0,1% Brewers Yeast.

**Nutritional additives per kg:** Vitamin D3 200 I.U., Vitamin E 20 mg, Vitamin B1 10 mg, Vitamin B2 6 mg, Vitamin B6 2 mg, Vitamin B12 75 µg, Niacinamide 15 mg, Calcium D-pantothenate 9 mg, Folic acid 0,35 mg, Biotin 300 µg, Choline chloride 1200 mg, Zinc as Zinc sulphate monohydrate 25 mg, Manganese as Manganous sulphate monohydrate 1,4 mg, Iodine as Calcium iodate anhydrous 0,75 mg, Copper as Copper (II) sulphate pentahydrate 1 mg.

**Analytical Constituents:** Protein 10,50%, Fat 5,40%, Crude ash 2,50%, Crude fibre 0,40%, Moisture 77,00%.

**Metabolic energy:** 1038,2 kcal/kg.

## GOAT WITH RASPBERRIES

Complete wet food with goat and raspberry for adult dogs.

Variants available: **150 g, 500 g**

**Composition:** 67% Goat, 28,5% Broth, 3% Raspberry, 0,2% Salmon Oil, 0,1% Chicory, 0,1% Brewers Yeast, 0,1% Green-lipped mussel.

**Nutritional additives per kg:** Vitamin D3 200 I.U., Vitamin E (alpha-tocopheryl acetate) 20 mg, Vitamin B1 10 mg, Vitamin B2 6 mg, Vitamin B6 2 mg, Vitamin B12 75 µg, Niacinamide 15 mg, Calcium D-pantothenate 9 mg, Folic acid 0,35 mg, Biotin 300 µg, Choline chloride 1200 mg, Zinc as Zinc sulphate monohydrate 25 mg, Manganese as Manganous sulphate monohydrate 1,4 mg, Iodine as Calcium iodate anhydrous 0,75 mg.

**Analytical Constituents:** Protein 10,60%, Fat 6,50%, Crude ash 2,20%, Crude fibre 0,50%, Moisture 76,00%.

**Metabolic energy:** 1131,8 kcal/kg.

## FISH WITH BLACKBERRIES

Complete wet food with fish and blackberries for adult dogs.

Variants available: **135 g, 470 g**

**Composition:** 42% Salmon, 28,5% Broth, 15% Herring, 10% Trout, 3% Raspberry, 0,2% Salmon Oil, 0,1% Chicory, 0,1% Brewers Yeast, 0,1% Green-lipped mussel.

**Nutritional additives per kg:** Vitamin A 3000 I.U., Vitamin E (alpha-tocopheryl acetate) 20 mg, Vitamin B1 10 mg, Vitamin B2 6 mg, Vitamin B6 2 mg, Vitamin B12 75 µg, Niacinamide 15 mg, Calcium D-pantothenate 9 mg, Folic acid 0,35 mg, Biotin 300 µg, Choline chloride 1200 mg, Zinc as Zinc sulphate monohydrate 25 mg, Manganese as Manganous sulphate monohydrate 1,4 mg, Copper as Copper (II) sulphate pentahydrate 2,0 mg, Iodine as Calcium iodate anhydrous 0,75 mg.

**Analytical Constituents:** Protein 9,80%, Fat 8,00%, Crude ash 3,00%, Crude fibre 0,40%, Moisture 78,00%.

**Metabolic energy:** 1102,9 kcal/kg.

# Why choose PETNER food?

A daily full meal. Ideally suits the nutritional needs of adult dogs regardless of their breed. A complete meal for a quadruped. It contains all the necessary nutrients that comprehensively care for the good condition of your pet.

Available in two flavours: turkey and lamb. Each of them has the same high animal protein content and functional additives.

Does not contain: GMOs, preservatives, flavour enhancers, artificial colours and flavour. Without allergenic wheat and soy.

Croquettes of various sizes easily adapt to the specific needs of each dog.

It supports dog's health in **4 IMPORTANT ASPECTS**:

## EASY DIGESTION

The addition of **chicory** and yeast supports healthy bowel function. Chicory contains inulin - a soluble fibre and a natural prebiotic supporting the development of "good bacteria" in the digestive tract. This beneficial bacterial flor **helps increase the digestibility of nutrients** and inhibits the growth of pathogenic microorganisms in the digestive tract.

## HEALTHY JOINTS

Glucosamine and chondroitin are two of the best-known protective ingredients for joint cartilage. Glucosamine **strengthens joints**, inhibits degeneration and supports the reconstruction of healthy articular cartilage. Chondroitin **improves joint function** and endurance, and when combined with glucosamine, it increases joint and bone resistance to micro-damage.

## HEALTHY SKIN AND COAT

The addition of fresh salmon oil, which is one of the richest sources of omega-3 fatty acids (e.g. EPA and DHA), makes the **skin healthy and the coat gains shine**. It helps to balance the ratio of omega-6 to omega-3 in the diet.

## HEALTHY TEETH

The shape and texture of the food granule stimulates the dog to chew, which **helps remove plaque**.

JUNIOR ALL BREEDS

Complete and balanced food for young dogs all breeds.

For whom: For puppies from 4 months to about 1.5 - 2 years depending on the breed.

Complete and balanced food with turkey for young dogs all breeds.

# Treats for dogs!

## Natural dried treats

**Treats for dogs** are the perfect variety to everyday meals, but also a form of healthy reward after training! In our offer every dog gourmet will find delicacies that are right for him.

Dried natural chews will **perfectly satisfy the natural desire to bite**, which will help in maintaining the oral hygiene of your dog. Certainly they will give him joy and occupation for a long time! In addition, they are **extremely aromatic and tasty dog treats**.

For real connoisseurs, we have an Italian dog treat - **a prosciutto bone**. It is a dried, natural pork bone from **Italian Parma ham**. The delicacy has a refined, sweet and intense taste. In addition, the ham is not smoked, but dried, which allows you to keep all of its properties and taste that will make your pet happy.

- Treats are 100% natural
- No added preservatives, artificial colours, flavours or flavour enhancers
- Made from whole pieces of meat
- Safe due to thermal pasteurization
- Polish product
- Perfect as a variation for everyday meals or a healthy reward

### CHICKEN FILLET

Breast fillets are delicate, meat delicacies for a dog, made from 100% fresh meat of the highest quality. Rich in protein, healthy and easily digestible. Satisfies the natural desire to bite, which helps in maintaining the oral hygiene of our pet.

# soft treats for gourmets!

Discover the line of exceptionally tasty, soft treats. Here, every canine connoisseur will find his favorite meat snack!

If you are looking for a treat that will work well during walks or as a healthy reward during training, choose **SUSHI**. This iconic treat combines delicate lamb, chicken, duck or rabbit meat with aromatic cod! Served in the form of small, soft bites, they will be a great motivator to learn new tricks! Sushi is also a favorite treat of small breed dogs and dogs that have trouble chewing on hard ones teethers.

For lovers of longer chewing, we recommend **STRIPES** and **JERKY**. These are juicy, delicious and soft treats based on delicate chicken and duck breast meat, in the form of comfortable stripes or aromatic fillets. Perfect as a desired reward after having fun or a walk. Your dog will love it!

**SANDWICH** - these are soft “sandwiches” stuffed with aromatic fish meat, which have their loyal canine fans! Your pet will enjoy not only the taste and aroma, but just chewing the sandwich will have a relaxing effect on him. This delicious and delicate treat, thanks to its original shape, which makes it easier to divide it into smaller fragments, will also work well in training.

Make your pet happy and give him a delicious snack from Petner!

# Why choose PETNER?

Dry food in two delicious formulas: with poultry and lamb **for sterilised cats**, and with poultry and beef **for adult cats**.

**STERILISED CAT** is food for cats after sterilisation, castration and a tendency to gain weight. The **lowered fat level**, thanks to which he helps to maintain a healthy body weight. The **addition of L-carnitine** allows better use of energy supplied in food and stored in the body. **In sterilised cats, the risk of lower urinary tract diseases also increases**, which is why in Petner's feed you will find **cranberries** that protect against irritation and help fight bacterial infections.

**ADULT CAT** is food for adult cats, which thanks to the high **content of protein** supports the maintenance of muscle mass and the overall condition of the body. The addition of vitamins and **taurine** helps maintain the proper growth and development of the cat and the work of the heart.

 Our cat food is made without wheat and corn. **It does not contain soy, it is gluten-free** and does not burden the digestive system of cats.

 The addition of **salmon oil**, which is a source of omega-3, supports healthy skin, shiny coat and reduces inflammation

 The **presence of chicory** - a natural source of prebiotics - **and beet pulp**, helps maintain the balance of bacterial flora in the digestive tract and supports the proper digestion process.

 The high fibre content **reduces the formation of hair balls**.

 The addition of sodium polyphosphate promotes **less tartar build-up**, while the shape and texture of the granules helps clean teeth.

 Does not contain **artificial flavours, flavour enhancers, preservatives or dyes**. It is also **GMO free**.

# Wet foods for cats!

## Why choose PETNER?

Complete Petner foods are balanced and exceptionally tasty meals for your pet!

Depending on your cat's taste, you can choose: fleshy fillets in aromatic sauce with cranberries or high-meat pates with catnip! Your cat will be surprised by their unique taste!

Pates contain a high content of valuable protein of animal origin: up to 98.6% of a meal is meat and offal in its own aromatic broth. They are distinguished by a simple composition and carefully selected ingredients! The wealth of functional additives supports the good condition and health of the cat!

**Salmon oil**, which is a source of omega-3 fatty acids - supports healthy skin and a shiny coat.

**Spirulina** - it is rich in protein and minerals, supports the multiplication of useful intestinal microflora, thus supports the proper functioning of the intestines as well as beneficial affects immunity.

**Catnip** - increases the taste and aroma of food.

**Healthy urinary tract** – thanks to cranberry, which is a source of valuable vitamins, minerals, antioxidants and has a positive effect on the urinary tract.

**Addition of taurine** – one of the most important amino acids for a cat. Essential for proper growth, development and functioning of the cat.

**Does not contain artificial flavours, flavour enhancers, preservatives or dyes.** It is also GMO free. Because a natural choice is the best choice!

**Without the addition of cereals and sugars**, which does not burden the digestive system of cats.
